Recycling

THIS CERTIFICATE IS ISSUED TO:

IT Ewaste Solutions

L11 65 York St, Sydney NSW 2000

This is to certify that the materials listed below were received by e-Waste Sydney for recycling.

The materials have been processed as electrical waste. All processes are in accordance with all local, state, federal and international law and conventions. All products have been disposed of in accordance with local, national and international laws and conventions applicable in Australia with NIL to land fill.

Product Description: Desktops, Laptops, Monitors & IT MISC.

Total Received (KG): 269

Total CO₂ Saved (MT): 1.09483

Job ID #: 761808

Issued: 09 Oct 2024

The recycling process verified in this certificate supports the organisation's ESG commitments and provides evidence for sustainability reporting, tender compliance, and corporate responsibility disclosures. This ESG statement is based on measurable outcomes certified under AS/NZS 5377:2013 compliant recycling processes.
